

UULM Low Carbon Challenge

Congregational Blessing

A lovely way to support the households and encourage motivation of those who sign up to try to lose 5000 pounds of carbon in one of your congregation's "Carbon Rings", is to launch the program with a blessing of the participants on a Sunday morning.

Explain what the UULM-CA Low Carbon Challenge Is

Sing forward the households who will be participating with the One Small Ring song

One or two participants share why this is important to them

Unison Prayer of Commitment

We join with the earth and with each other.

To bring new life to the land

To restore the water

To refresh the air

We join with the earth and with each other.

To celebrate the seas

To rejoice in the sunlight

To sing the song of the stars

We join with the earth and with each other.

To recreate the human community

To promote justice and peace

To remember our children

We join with the earth and with each other.

We join together as many diverse expressions of one loving mystery:

For the healing of the earth and the renewal of all life. - UN Environmental Sabbath Program

Thank the participants for taking another step to walk their talk – give them a chalice to use in their gatherings.

Sing them back to their seats with the One Small Ring song
