

## Join Us at Universal Health Care Advocacy Trainings!

Latino Issues Forum, Health Access, Breast Cancer Action, the California School Employees Association, UU Legislative Ministry and other local partners are hosting advocacy trainings throughout the California to provide you with information about the pending legislative health care proposals and to give you tools to increase support in your communities.

At the advocacy trainings, you will:

**LEARN** about universal health care and state proposals that promote health care for all Californians.

**PRACTICE** skills to work with the media, speak to the public, and conduct effective outreach to other community members.

**PLAN** activities with others in your communities in order to build broad support for universal health care.

***Getting Health Care for All*** forums will be taking place in California on the following dates:
