Message: I am calling to ask Senator _____ to support AB583, the Clean Money and Fair Elections Act, in the Senate Elections committee on Wednesday the 17th. In Arizona and Maine publicly financed voluntary Clean Money campaigns have lead to higher voter turnout, and more women and minorities running for office. Elected officials report having more time to focus on developing good public policy and addressing the needs and concerns of their constituents. Please pass AB583 through the Senate Elections Committee.

Committee Chair: Senator Debra Bowen (D)

is a UU and is already a co-author and strong supporter of AB583 – no need to call, just send her an email to thank her for her support! Senator.Bowen@sen.ca.gov
