Bay Area Regional Gatherings of Welcoming Congregations  
"The Wellspring of Life"

Proverbs 4:23

Faith communities help people guard their hearts so they will be a "wellspring of life", not filled with lies, deception, and lacking integrity. The CWC encourage all people, especially LGBTQI individuals, to live with authenticity that overflows to the lives of others.

**Join the conversation with Progressive Faith Communities as we strategize around healing and life-giving responses to the CA Supreme Court's decision of Proposition 8.**

### Who?

The Coalition of Welcoming Congregations (CWC) is a project of **The Center for Lesbian and Gay Studies in Religion and Ministry**. Our goal is to create a strong network of religious leaders, religious congregations/communities, and individuals of faith in the nine-county Bay Area, who are highly motivated to act as agents of positive social change.

### What?

We have selected points around the Bay Area where our member congregations are clustered. The purpose of these gatherings is to help guide member congregations to be prepared to act in communities as a strong voice around marriage/family equality following the CA Court decision.

### Why?

The progressive faith voice often took a back seat to more conservative points of view on the Marriage Equality issue. Many of our congregations wanted to take a more active role in the "No on 8" campaign, but did not know how or were discouraged from becoming involved (from influences within and outside the congregation). CWC, along with partnered organizations, wants to take leadership and help inspire faith communities to create new ways of being a witness to equality and justice.

We will focus also on coalition building as well as mobilizing congregations to be prepared with a plan of action following the announcement of the court decision. This will not be another "Town Hall" forum. It is designed to be a strategy session. Proposed strategy ideas are:

- Announcing we will still conduct weddings for same-sex couples.
- Taking a weekend in June to focus on the theological, social, and emotional effects of the court decision.
- Providing liturgy that focus on Marriage and Family Equality.
- Clergy making themselves available for people needing to process the court decision from a faith perspective.
- Provide a faith presence at the "Meet in the Middle" rally in Fresno, CA the Saturday following the Supreme Court decision. For more information, visit <http://www.meetinthemiddle4equality.com/>
